

SHAILER PARK STATE HIGH SCHOOL

— *Lifting Aspirations* —

an Independent Public School

SPSHS P&C Air Conditioning Fund

Shailer Park State High School Parents and Citizens have been working towards achieving key improvements at the school, with an impressive list of achievements so far. High on the wishlist is air conditioning our classrooms and we have voted to focus on this as a major project for the next few years. This has the capability of transforming learning spaces within our school, particularly during the hotter months of the year, leading to better learning outcomes for all children.

Air conditioning the school is a large and expensive project, one that requires the help of our entire school community in order to complete. This document outlines the proposed installation timeline, cost, funding and ways in which you can help.

Project Cost

At this time there is air conditioning in a small number of class rooms, including some in the library block and the main rehearsal area of the Performing Arts (P) Block. The school administration have sourced quotes to fit the remainder of the school with air conditioning as a cost per block (or school building).

The total cost of the project is estimated at **\$458,019** for supply and installation of the air conditioning units, generally two per classroom. The P&C is committed to raising this amount, with the school being responsible for servicing and operation costs (including power). **Each classroom will cost approximately \$8000 to air condition.**

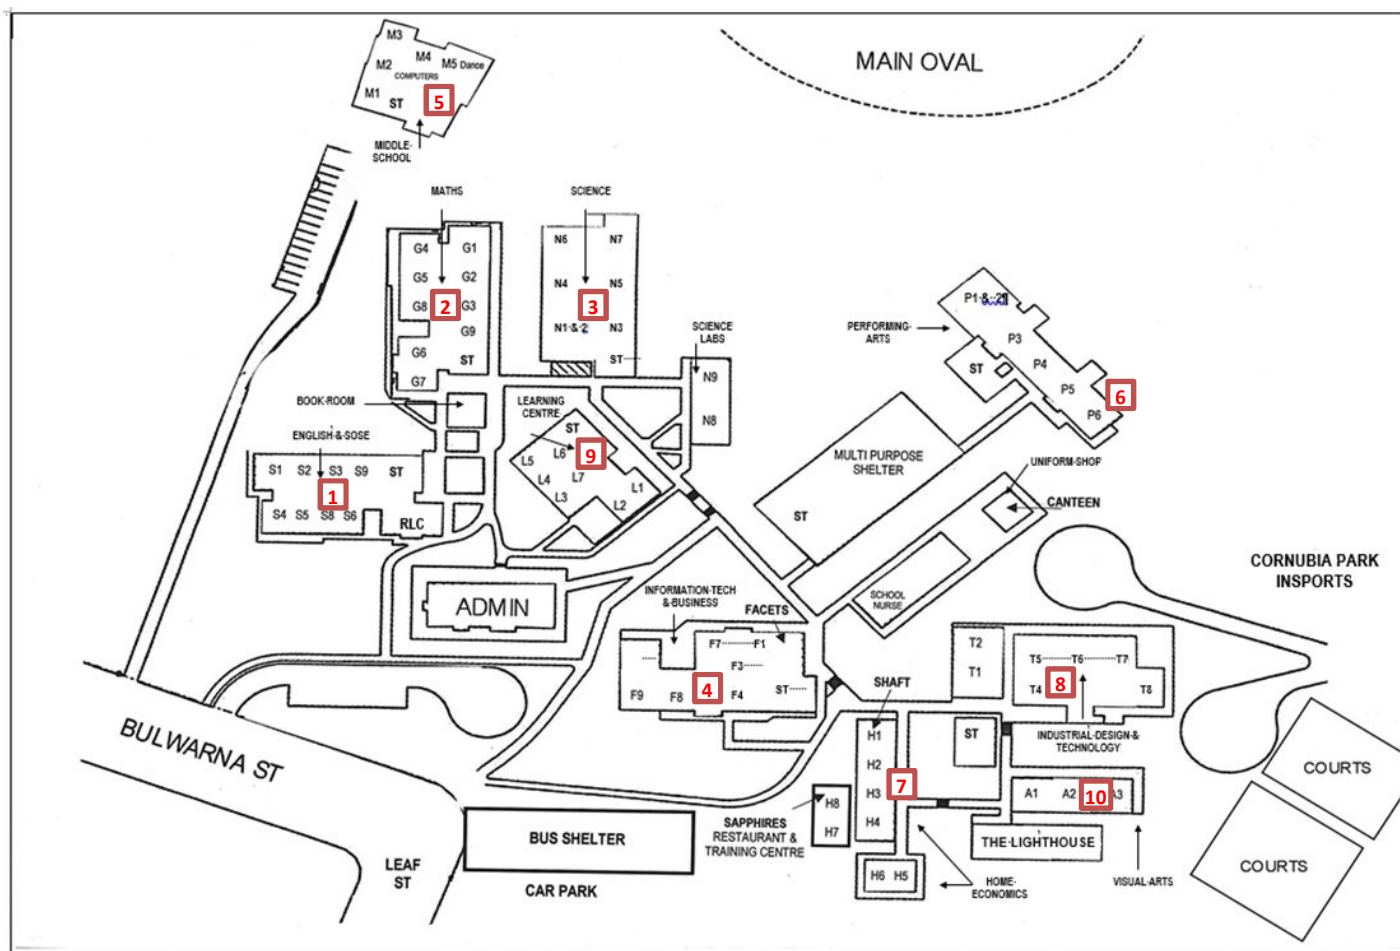

The school administration has identified a preferred order of installation, with each block being fitted out as the money required is raised. As we reach each of the target amounts listed below, that block will have air conditioning fitted:

Block	Priority	Number of Units	Cost
S Block	1	18	\$71,020
G Block	2	7	\$59,200
N Block	3	16	\$66,882
F Block	4	13	\$54,291
M Block	5	9	\$40,939
P Block	6	4	\$15,860
H Block	7	12	\$48,917
T Block	8	10	\$39,500
Library	9	9	\$42,475
A Block	10	4	\$18,933
Total			\$458,019

Funding

The P&C has already provided \$10,000 towards this project, and are planning events for next year with the aim of fund raising the cost of air conditioning the first building, S Block. In our plans are a sausage sizzle at the expected Federal election, trivia nights and the prospect of a school fete. For this we will need additional volunteers to assist the already active and dynamic parent base.

We are also looking for donations from those in the community who will benefit from the improved outcomes at the school. Whether parents of students studying here, local businesses that will benefit from better qualified future employees, or members of the wider community who want to give back to the school and help Shaile Park State High School continue its trajectory towards being one of the best schools in the country.

How can you help?

Tax deductible donation to our School Building Fund - The P&C has been endorsed by the ATO as a DGR (Deductible Gift Recipient) for our Building Fund. This means that any amount over \$2 you donate to our Air Conditioning Project is tax deductible. We will issue a receipt for each donation. Individuals and businesses can donate.

Join the P&C – Have a say in how we contribute towards the development of the school. We've seen incredible progress in the last few years and as the parent representative group we are determined to support the principal and staff in their goal to make this school the best it can possibly be. The wider the range of experiences of the parents in the P&C the stronger we are, every one is welcome.

Need more information?

If you want to know more about this project, or the P&C in general, please contact the P&C Treasurer Andrew Huggins via pandc@shaiparkshs.eq.edu.au. Contact also if you need any support with payments or receipts.
